WARRANT FOR THE ANNUAL TOWN MEETING

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Boscawen in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Boscawen on Tuesday, the 12th day of March, next at nine of the clock in the forenoon, to act upon the following subjects:*

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
 - a. Town Officers' Salaries
 - b. Town Officers' Expenses
 - c. Election and Registration
 - d. Expenses of Town Hall and Other Buildings
 - e. Police Department
 - f. Fire Department
 - g. Care of Trees
 - h. Insurance
 - i. Health Department
 - j. Vital Statistics
 - k. Sewer Maintenance
 - l. Town Dump and Rubbish Removal
- m. Highways (Summer and Winter)
 - o. Libraries
 - p. Town Poor and Old Age Assistance
 - q. Memorial Day and other Celebrations

- r. Cemeteries
- s. Interest
- t. Sidewalk Construction and Maintenance
- u. Payment on Principal of Debt and Bonds

3. To see if the Town will vote to raise and appropriate the sum of \$323.14 for Town Road Aid.

4. To see if the Town will vote to empower the Selectmen to borrow such sums of money as may be necessary to meet current expense of the Town until the taxes are collected and paid to the Treasurer.

5. To see if the Town will vote to establish a Planning Board of five (or seven) members with duties as set forth in Section 1-15 Chapter 53, revised laws of New Hampshire 1942, as amended, to make a study of the Town's development and report to the Town appropriate recommendations for the promotion and maintenance of the Town's best development. The Board members shall consist of one Selectman and four (or six) other citizens appointed by the Selectmen, as provided in Section 1-15 Chapter 53, Revised Laws of New Hampshire 1942, as amended.

6. To see what sum of money the Town will vote to raise and appropriate for the Concord Hospital.

7. To see what sum of money the Town will vote to raise and appropriate for the Franklin Hospital.

8. To see if the Town will vote to raise and appropriate the sum of \$600 for painting and repairing the Torrent and Much-I-Do Hose Houses.

9. To see what sum of money the Town will vote to raise and appropriate for play ground equipment for Rolfe Park.

10. To see what sum of money the Town will vote to raise and appropriate for the Penacook Youth Center.

11. To see what action the Town will take regarding the disposal of land, owned by Town, on Water Street.

12. To see if the Town will vote to accept extensions of Gage Street approximately 500 feet, Academy Street approximately 300 feet, Fisher Ave approximately 250 feet, and the road leading to Barrett's Garage approximately 300 feet, and accept deeds for same.

13. To authorize the Selectmen to make application to the United States of America, through the Housing and Home Finance Agency, for an advance of funds under the provisions of Public Law 560, 83rd Congress, as amended, to finance the cost of engineering studies and the preparation of plans, specifications and cost estimates for a sewerage disposal system to serve the Boscawen Plains Section of the Town, said loan to be interest free and to be repaid if and when construction of said project is undertaken; and, in the event of favorable action upon such application, to authorize the Selectmen to enter into an agreement with the United States of America to obtain such advance, and to expend the funds so advanced for the foregoing purposes.

14. To authorize the construction of a sewerage disposal system to serve the Boscawen Plains Section of the Town.

15. To see what sum the Town will vote to raise and appropriate for the construction of such sewerage disposal system; and whether the Town will vote to raise all or any part of the sum so appropriated through the issuance of serial notes or bonds upon the credit of the Town, in accordance with the provisions of the Municipal Finance Act, as amended, and any other statutes thereto enabling; and to authorize the Selectmen to determine the time, place of payment, and rate of interest on such notes or bonds, and to do whatever may be necessary for the issuance and sale thereof.

To see if the Town will vote to give the Selectmen authority to transfer any unexpended balance of money from one appropriation to another.

To transact any other business that may legally come before said meeting.

*Business meeting for appropriations *only* will be called at seven o'clock in the evening.

Given under our hands and seal, this 25th day of February, in the year of our Lord nineteen hundred and fifty-seven.

CLYDE G. FAIRBANKS,
ROGER C. SANBORN,
EDWARD L. OSBORNE

Selectmen of Boscawen.

A true copy of Warrant—Attest:

CLYDE G. FAIRBANKS,
ROGER C. SANBORN,
EDWARD L. OSBORNE

Selectmen of Boscawen.

BOSCAWEN PUBLIC LIBRARY REPORT

In Boscawen there are approximately 1,800 people—potential patrons of the Boscawen Public Library.

In the words of the American Library Association the responsibility of the library may be summed up:

TO HELP PEOPLE

to obtain an education

to contribute to man's knowledge

to use leisure time enjoyably

to be better workers and citizens

In the year 1956, 328 volumes were added to the book collection. Of this number 133 were purchased for children, and the remaining 195 were for adult readers. Our book collection was supplemented through regular visits of the Bookmobile, Extension Division, New Hampshire State Library.

We are fortunate to be adjacent to the City of Concord, with its high standards of library service.

It is not too soon for us to think in terms of enlarged library service for the members of our own community, as the consolidated school, fire department, civil defense, and all phases of local government work for the best on an inter-community basis, so must we. Individuals cooperating to obtain the best for the local community and neighboring communities.

Through the year the Library Trustees have held regular meetings. Mrs. Ethel Colby and Mrs. Mattie Reardon attended the Governor's Council for Library Trustees in Concord. Compton's Encyclopedia was purchased for the Reference Section of the Plain's Library. A new furnace has been installed in the library, and routine repairs made.

Success of the library depends first upon the efforts of the people who work therein. Beyond that, our endeavors are strengthened by the faith of parents, teachers, leaders, and the members of various organizations, who believe in the value of books, and make every possible use of library services. The circulation for the Main Library and the branch was 7,720.

The activities of the Boscawen Public Library for the year 1956 included:

1. Summer reading program for children
2. Hobby Exhibit—5th grade, Mrs. Clow, May, 1956
3. Book Week Program—5th grade, Mrs. Wells, November, 1956
4. Congregational Church Reading Contest in cooperation with local churches
5. Book Collections to:
Merrinack County Home—Mrs. Iyla Bartlett
Norris Nursing Home—Mrs. Bernice Hardy

REPORT OF FOREST FIRE WARDEN

YOUR TOWN DUMP

USE IT FREELY

CARE FOR IT

Your town dump has been set up for your personal convenience. It provides a suitable place where you can dispose of the large amounts of dangerous, inflammable waste material and other useless items which accumulate around your household and local stores, brush, etc., cut on your property. The town dump has become a valuable and indispensable asset in modern community life.

The most successful town dumps are supervised—regular days provided for their use and inflammable material consistently burned. The town dump which receives no attention, where waste material is scattered about without supervision of any description, soon becomes a community menace and a liability rather than an asset.

Many people still burn debris around their homes. A large number of such fires get out of control causing unnecessary damage and expense to the burner. Why burn at home? Make use of your town dump and eliminate the hazard of burning. It will be easier for you — personally and financially.

If, however, you do burn on your premises

1. Secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty

*Use your dump freely**Help Keep it safe*

Number of local fires	0
Number of acres burned	0
Number of permits issued	80

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Boscawen, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 30th day of March 1957, at 1:30 o'clock in afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to raise and appropriate a sum not to exceed \$160,000.00 for a new elementary school on the so-called Dormitory Lot, including the necessary equipment and furnishings to complete this construction and demolition of the present building, and to further authorize the school board to issue serial notes or bonds on the credit of the district, in accordance with the Municipal Finance Act RSA Chapter 33, and any amendments relating thereto, for all or any part of the sum so appropriated.

10. To see if the district will authorize the school board to make application for and to receive in the name of the district such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government or any state agency.

11. If Article 9 is adopted to see if the district will vote to use the income from the sale of schoolhouses, any balance from the Capital Reserve Fund and any other monies in the so-called Tuttle Fund and Town School Trust Fund, in addition to the amount appropriated above for the construction of the new elementary school.

12. If Article 9 is adopted to see if the district will vote to appoint a school building committee to advise with the school board in supervising the construction of said building, provided that the plans and specifications will be finally approved by the school board acting alone as required by law and to further authorize the school board to execute any and all contracts and agreements necessary in connection with the construction and equipping of said building.

13. To see if the district will vote to rescind the action taken on Article 13 of the 1955 warrant whereby the High Street School was authorized to be sold at public auction and authorize the school board to dispose of this property by private sale.

14. To transact any other business that may legally come before said meeting.

Given under our hands at said Boscawen this 14th day of February 1957.

HOWARD E. RAYMOND,
RUBY K. WOODBURY,
IYLA L. BARTLETT,

Boscawen School Board

A true copy of Warrant—Attest:

Federal Funds	636.01
Received from Tuitions	44.72
Received from Capital Reserve Funds	8,000.00
Received from all other Sources	365.44
Total Receipts	\$89,776.69
Less School Board Orders Paid	\$89,765.92
Balance on Hand June 30, 1956	\$ 10.77

ELIZABETH HAZEN,

District Treasurer

July 30, 1956

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Boscawen of which the above is a true summary for the fiscal year ending June 30, 1956 and find them correct in all respects.

CHARLES L. BROWN, Jr.
MATTIE L. REARDON,

Auditors

July 30, 1956

SUMMARY OF SUPERINTENDENT'S SALARY 1955-56

SUPERVISORY UNION, No. 46

The Superintendent's total salary of \$6,500.00 is paid in part by assessments against the seven districts in the union, which are pro-rated as follows:

Andover	\$732.00
Boscawen	740.00
Chichester	360.00
Loudon	500.00
Penacook	1,328.00
Salisbury	184.00
Wilmot	156.00

\$4,000.00

These payments are made by the districts directly through the Supervisory Union Office.

The remaining \$2,500.00 is paid by the State from the fund established by the per capita tax of \$2.00 for each resident pupil. Boscawen's per capita assessment for 1955-56 was \$782.00.

School Board

Boscawen, New Hampshire

Re: Water Street Schoolhouse and Lot

Gentlemen :

At your request, we are writing this report for inclusion in your next annual school report to the people of the Boscawen School District, so they may know the results of the litigation in Superior Court concerning the Water Street schoolhouse and lot.

The lot itself was deeded to the School District in 1893 by Judith Coffin as a site for a schoolhouse, which was built on the lot a short time afterwards. The Coffin deed provided, in substance, that if the property ever ceased to be used or needed for a schoolhouse or for educational purposes, it would revert to the Coffin family, their heirs and assigns.

About three years ago the Boscawen School District voted to close the Water Street School, and in 1955 the District voted to sell the building. At that time I advised the District that it would have difficulty disposing of the building at public auction, because the District could not give a clear title to the building without Court clearance; in fact, the owners of the reversionary interest in the lot were then claiming that the building had become affixed to the lot and had reverted to them when the school was closed.

It is our opinion that when the School District voted to close the Water Street School and sell the building, it caused the reverter or forfeiture clause in the Coffin deed of 1893 to go into immediate effect. On searching the title, we

found that the Coffins' reversionary interest had passed by successive deeds into the hands of Mr. and Mrs. Lawrence Silver of Boscawen, who were claiming not only the lot but also the building on the lot. On April 13, 1956, the Silvers sued the School District to establish their ownership of the building and lot. We were employed to defend the School District, and the case was scheduled for trial in Merimack County Superior Court on December 20, 1956.

Our investigation into the law and facts indicated that the Superior Court would certainly rule that the lot had reverted to the Silvers and might possibly rule that the building also passed with the lot as a fixture, in which event the School District would receive no compensation for the building. A similar case involving the North Hampton School District had this result. Whether the building reverted with the lot depended on how solidly the Court found the building was built on the land. At the very best the School District might wind up owning a building on some one else's land, which it would have to remove immediately.

Our recommendation to the School Board was that they allow the Silvers to acquire title to the lot and building in the Superior Court action upon payment of a suitable price for the building. In this way, we eliminated the risk of getting nothing, in the event the case was contested and the Court should rule that the building was part of the land. After negotiation, the Silvers offered to pay \$400, and this price was accepted by you on our recommendation, as being in the best interests of the School District.

In the emergency, you had to make a quick decision without consulting the voters, since the Superior Court would not adjourn the case to permit the voters to be called in to a special meeting. This decision was clearly within your authority, under the circumstances, and was the wisest course to take.

If the case had been fought through a trial and lost, the District would have received nothing. If the case had been fought out and won, the District would, at the best, have owned a building on some one else's land, which it would have to remove at once. A relinquishment of the building to the Silvers at a fair price, without the risks and expense of a court trial, was obviously the most expedient plan. The price of \$400, we were informed, was probably about as much as any other person could afford to bid and at the same time move the building to another place.

Respectfully yours,

UPTON, SANDERS & UPTON

By Richard F. Upton

THE "NO SCHOOL" Signal

Two blasts of the fire alarm given three times (2-2-2), and the same number of blasts of the siren on Torrent Hose House, is the signal for closing school for one session. Its meaning depends upon the time of sounding.

When sounded at 7:30 in the morning, ALL SCHOOLS in Penacook and Boscawen will be closed for the forenoon session.

When sounded at 11:45 ALL SCHOOLS will be closed for the afternoon session.

Announcement will be made over radio station WKXL at 7:15 and on subsequent announcements of the station.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

I herewith submit my yearly report of the health program of the Boscawen Schools.

The registration and enrollment of children for the fall term of school took place in May at the Main Street School. Mrs. Olsen and the School Nurse greeted the parents and children and recorded birth certificates and health histories as presented, the majority of which showed full preparedness for the opening of school in September. The importance of the attendance of the children at the Polio clinic in June was emphasized, and at this time, permission cards were issued to the parents. As a result of this, 145 children received immunization against Polio. This was a much larger group than that of the previous year.

The annual examination by the local physicians in October were given to 245 pupils. All defects were reported to parents for corrections. This was followed throughout October and November by weighing and measuring, vision testing, etc., by the nurse and results are as follows:

Vision	245	Defects	3	Corrections	3
Ears (wax)		"	1	"	1
Teeth		"	28	"	28
Tonsils		"	4	"	4
Nutrition		"	3	"	3
Speech		"	2	Home visits	2

At the present time 3 are receiving free hot lunches.

COMMUNICABLES

With the exception of colds there have been few communicables.

Measles	3
Chicken Pox	5
Impetigo	3

Scalp 1

All were excluded according to the requirements of the State Law.

CLINICS ATTENDED

Polio	145
Mental Hygiene	1
Sight Conversation	3
T.B. Patch tests were given to 83 pupils	
Home calls	15
Accidents at school	2
Transported home	5

Classrooms were visited regularly, first aid kits replenished and calls to the homes of sick and absent made.

The nurse attended the school nurse section of the Teachers Convention, also three workshops planned by Miss Eveleth, Director of School Health Nursing Service. Guidance and help in new procedures were discussed and found to be most helpful.

I wish to thank Mr. Hounsell, the teachers, the Director of the school lunch program, the various clubs and church groups and others who have assisted in any way in the school health program.

Respectfully submitted,

MARY E. ORMSBEE, R.N.
School Nurse

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Boscawen School Board and Citizens of Boscawen:

Once more it is a pleasure to write briefly regarding the conditions of your schools.

I feel that the answer to your problem of schools is simply to face up to the needs, present them honestly and fairly to the people and let them make the decision as to what shall be done about it.

For two years now, the question of a new school has been a real issue in the minds of the citizens of Boscawen. Most of them know that their buildings are old and poorly suited to the needs of modern times from an educational standpoint. There is a serious, crowded condition in the classrooms of the smaller children, and there is little likelihood that there will be any relief from this overcrowded condition for some years to come.

The hazard of fire in school buildings is always a threat, but it is much more a threat if buildings are not so constructed as to be more nearly fire-proof, or if buildings are old and lack fire protection to a large degree. The economy of maintenance of old buildings is questionable; it costs more than people think.

Last year you, as a community, took a step forward in purchasing the old dormitory building and the land on which it rests. This has given you a good school building site for your new building. The new heating plant just installed in the Main Street School has been purchased with the final thought in mind that it could be used in any new construction which the district might make.

Boscawen has an excellent staff of teachers; it is supplied with all necessary textbooks, scholars supplies, and

other materials needed to maintain a good school. It has the active support of many local parents and friends who are really interested in the effort to maintain good schools for the children. What it lacks is a new school building!

If the people of the community will give serious thought to the present limitations of their schools, if they will consider the factor of economy in school support, if they want to give the utmost consideration to the health, welfare and safety of their children, from the point of view of education, they will go to the school meeting with the resolution in their minds that any money spent for the construction of school houses is money well invested. The education of its children is one of the greatest responsibilities resting upon the people of a community; the wisdom it shows in discharging this responsibility reflects the true nature of its people.

I want to thank the teachers, all school board members, as well as citizens of the community, for the support and help given me during the past year in connection with the schools.

Respectfully submitted,

WILLIAM B. HOUNSELL
Superintendent of Schools

February 15, 1957

ATTENDANCE TABLE FOR THE SCHOOL YEAR ENDING JUNE 30, 1956

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent of Schools:

It is with a great deal of pleasure that I submit my annual report to you.

The work this past year has been carried on much the same as last year. In the first two grades rote work has had first place. I wish we had a little more room to carry on rhythmic activities with our large classes. As it is, smaller groups have to take their turns from week to week.

Note reading is stressed beginning with grade three and with this we combine our beginnings with theory and structure. Part singing is begun in the fourth grade; Mrs. Hardy has been very successful in carrying on the work with Symphonettes, thus introducing the children to instrumental work.

In the fifth and sixth grades we have held intra-mural assemblies with great success. The teachers and children find it stimulating to plan a program and sing to each other. Once a year we like to invite the parents to a specially prepared program.

In the seventh and eighth grades I have not only tried to have the children enter into the fun of singing in three parts, but wherever possible I have brought records for a listening program. Not all of our children will choose music when they go to high school, so it is necessary that we try to bring a bit of better music to them than we hear on the average radio or television show.

In closing I wish to say how pleased I am that the parents are willing for their children to have outside lessons in music. I have made use of some of our pianists and give these young people practice in using acquired talents.

I am also grateful that our pianos are kept in repair. However, it would be a great addition if some of these instruments could be replaced by newer ones, since some of the old ones do not hold a tuning very well, and some cannot even be tuned to proper pitch.

Respectfully submitted,

ELLEN M. GRAU

Supervisor of Music

REPORT OF BAND SUPERVISOR

To the Superintendent of Schools:

First of all, my sincere appreciation to the Boscawen School Board for the beautiful flowers received during my illness. This is the first time in my life that I have been confined and it has been very hard to take. The flowers were a very pleasant surprise.

Throughout the school year I have tried to interest young people in taking up some one of the instruments that were available, but for some reason there has been no interest. A film from the National Music Camp in Michigan will be shown. An instrumental demonstration will be given and the Flutophone classes will be started if I ever get out of this wheel chair. All of these projects are designed to create interest. It will be interesting to see just what the total results will bring before the close of school.

A drum instructor has finally been secured and I am in hopes that before the end of the school year a good sized drum class will be underway.

The sectional rehearsals held weekly at the Main Street School have borne fruit, and the young people in that group are just that much ahead of the children that have not had that opportunity, and it has shown at regular band rehearsals.

The young people that are playing instruments have done very well.

My sincere appreciation to Mr. James Bell and Mr. George West for "taking over" during my absence.

Respectfully submitted,

PAUL T. GILES

Supervisor of Band Music

BOSCAWEN SCHOOL DISTRICT

To the Citizens of the School District of Boscawen:

For some time, it has been the feeling of your School Board that our total insurance program was completely inadequate in amounts and that certain discrepancies existed in our policies that could prove very troublesome in the event of a loss.

Therefore, we requested the services of the New Hampshire Fire Insurance Company to do a complete engineering survey for the purpose of arriving at a reasonable value for all school property. This was done and was promptly followed up by recommendations from their Special Agent, Mr. Edward Powers.

The following is a brief summary of this report as made to and accepted by your School Board:

Present Coverage	Proposed Coverage
\$24,000.00..Main Street School.....	\$55,000.00
1,000.00..D'w'I'g in rear of above....	1,000.00
10,000.00..Plains School.....	20,000.00 (Agreed Amount)
1,000.00..High Street School.....	Separate
Nil ..Contents—Blanket	11,000.00 (90% Co-Ins.)
<u>\$36,000.00</u>	<u>\$87,000.00</u>

PREMIUM COMPARISON

\$310.00.....	1957-1958 Fiscal Year.....	\$615.00
210.00.....	1958-1959 Fiscal Year.....	470.80
295.00.....	1959-1960 Fiscal Year.....	460.50
	Additional Insurance.....	142%
	Additional premium.....	80%

It was also pointed out to us that there was no liability insurance to protect the Town in the event of suit by any injured person. This coverage was also secured immediately at an annual cost of \$82.87.

Naturally, the above steps represent a substantial increase in our total premium outlay. However, it is our sincere belief that we, as representatives of the Town of Boscawen, would be guilty of practicing the worst kind of false economy not to ask for this additional expenditure.

Respectfully submitted,

RUBY K. WOODBURY, Chairman

HOWARD E. RAYMOND

IYLA L. BARTLETT

Boscawen School Board

February 12, 1957

THE STATE OF NEW HAMPSHIRE

BOARD OF FIRE CONTROL

Office of Fire Marshal

Concord

April 17, 1956

Mrs. Ruby Woodbury, Chairman

Boscawen School Board

R. F. D.

Boscawen, New Hampshire

Dear Mrs. Woodbury :

On March 28th, 1956 an inspection of the two Boscawen schools was made by Mr. Howard Raymond, Fire Chief Lawrence Young and me. Fire Chief Harry W. Carter could not be reached by my office for an appointment, and the upper Boscawen school was inspected by Mr. Raymond and myself.

This inspection was made for fire safety of the occupants as to ease of egress, as well as fire prevention, along with possible methods in confining a possible fire until complete evacuation can be made and the notification of the Fire Department.

The hot lunch rooms in both schools pose a serious problem due to the fact that in both lunch rooms the heating oil-fired furnaces are in said rooms, the furnaces being a potential fire hazard from the standpoint of safety through mechanical failure, or human error, failure could endanger not only the lives of those who might be in the room at the time of a breakdown in the system, but also to those throughout the entire building.

It is, therefore, strongly recommended that a complete fire resistant furnace room in both schools be constructed by means of cement floors, brick or cement block walls and wire lathe and hard plaster ceilings, along with metal clad automatic fire doors for entry into such furnace rooms.

Serious thought should be given at this time as to separate furnace rooms located outside of the building.

In both schools the inspection brought forth the need for smoke doors to be located on the first floors due to the possibility of class rooms on both floors being cut off by smoke and heat long enough to prevent complete ease of evacuation and probable panic in case of fire or explosion.

The use of closets under stairways was also noted, and it is definitely recommended that all closets under stairways be completely cleaned out and doors locked.

Enclosed you will find a copy defining the use of fire resistant paint, as well as Regulations, as issued under the Office of Fire Marshal pertaining to operation of Power Oil Burners.

In the case of fire extinguishing equipment, it is recommended that at least one water-type fire extinguisher of not less than two-and-a-half gallon ($2\frac{1}{2}$ Gal.) capacity should be located on each floor of both schools, or the possibility of a fifty foot (50') length of garden hose, no less than seven-sixteenths inch ($7/16''$) inside diameter be located on all floors, connected to a live water line with a garden hose type nozzle be had.

The following are the outcome of the inspection, and it is hoped that serious thought be given to the following for an early completion of same:

BOSCAWEN LOWER SCHOOL

1. Fusible electric cut-off switch be located in main power line, in accordance with New Hampshire Power Oil Burner Regulations.
2. Oil leak around oil burner be repaired.
3. Electric junction box be had in compliance with National Electrical Code.
4. Furnace room to be of fire resistant construction, and possibly located outside school building.
5. A manual shut-off, with wrench secured to shut-off, be had for kitchen gas range, as well as gas pipe be secured.
6. Present 5 lb. Carbon Dioxide Fire Extinguisher be relocated to a position outside of furnace room wall.

7. Smoke pipe from furnace to boys' basement be disconnected and removed as soon as possible.
8. A Fire Alarm button marked for "FIRE ALARM", which in turn would operate a Klaxon type horn, separate from any passing or call bell, should be had on each floor.
9. Free and unobstructed egress must be had to fire escapes at all times.
10. Emergency light should be installed in assembly hall, as well as emergency light for stairways to out-of-doors.
11. Panic hardware from assembly hall to fire escape should be installed.
12. All ventilating doors and areas should be closed off permanently.
13. The attic completely cleaned out of all unused material and doors kept locked at all times, with Mr. Wilson and custodian the only persons to have keys.
14. The entire electrical system should be checked over by a competent electrician, and serious thought should be given to the relocation of a modern electrical entrance and fuse panel, in accordance with the National Electrical Code.
15. Free access to all rooms on first floor by means of interconnecting doors should be had.
16. Closets on east end, first floor, to be completely cleaned out and kept in good order at all times.

BOSCAWEN UPPER SCHOOL

1. Power Oil Burner to be in accordance with New Hampshire Oil Burner Regulations.
2. Furnace room to be of fire resistant construction, possibly located in separate fire resistant room outside school building.
3. A second means of egress from lunch room should be made.
4. All closets under stairways completely cleaned out and closed off.
5. All electric wiring checked by a competent electrician, in accordance with the National Electrical Code.
6. Fire Alarm buttons marked "FIRE ALARM", which in turn will operate a Klaxon type horn on each floor separate from passing or call bells.

7. Complete clean up of storage room on second floor.
8. Complete clean up of attic and door locked at all times.
9. Door to fire escape to be put in good working order. Door could not be opened by a student at time of inspection.
10. A second means of egress should be had for first floor class room.
11. A smoke screen on the first floor separating the hallway from the cellar doors should be installed.
12. A 5 lb. Carbon Dioxide Fire Extinguisher to be had for lunch room, as well as a 2½ gallon water-type Fire Extinguisher for the first and second floors.

It is felt that many of the above items could be completed in short order without too much financial expense. However, the major problems should be given serious thought as to their completion being done as soon as possible.

In fire prevention it is unfortunate that there is no way statistics can be had as to the number of lives saved from death by fire and, therefore, we feel there is no monetary value on the life of a human being, and it is hoped that you and your members of the Boscawen School Board will feel free to call upon the office of the Fire Marshal through myself to work with you in any way possible for safer schools in your town and for fire safety.

A reinspection will be made in the future.

The ideal situation would be to also completely sprinkler system the two schools.

Very truly yours,

N. H. BOARD OF FIRE CONTROL
Herbert L. Whitney
Deputy Marshal

HLW:JLO

CC TO: Chief Lawrence Young

Chief Harry W. Carter

Mr. Paul Farnum, N. H. Dept. of Education

CHAPTER 276—NEW HAMPSHIRE LAWS OF 1949
AN ACT RELATING TO FIRE RESISTANT
HALLWAYS AND STAIRWAYS

Be it enacted by the Senate and House of Representatives in General Court convened:

1. *CERTAIN PUBLIC BUILDINGS.* Amend chapter 176 of the Revised Laws by adding at the end thereof the following new sections:

22. *HALLWAYS AND STAIRWAYS.* Inflammable surfaces of all common or public stairways or hallways, excepting stairway landings, treads, risers, and mopboards and hallway floors and mopboards, in buildings under section 7, not excepted under section 10 of this chapter, shall be completely covered by flame-proof or fire resistant covering. These coverings may be of paint, plaster, cloth, paper or other materials, but none shall be considered satisfactory unless approved by the State Fire Marshal. Repairs or alterations necessary to have buildings comply with these regulations as to hallways, shall be completed by January 1, 1951, as to stairways by July 1, 1950. In case of hardship, further extensions, not to exceed a total of one year, may be granted in towns by the Board of Selectmen and in cities by the Fire Marshal with the consent of the Mayor.

23. *VIOLATIONS.* In addition to the penalty provided in section 21 in case of fire resulting in loss of life or personal injury in buildings violating the provisions of section 22, said violations shall be presumed to be the cause of said loss of life or personal injury unless said presumption is successfully rebutted by evidence to the contrary.

2. *TAKES EFFECT.* This act shall take effect upon its passage.

(Approved July 6, 1949.)

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Penacook and Boscawen Water Precinct qualified to vote in Precinct affairs:

You are hereby notified to meet at Boscawen Town Hall in said Precinct on the 21st day of March next at 7:30 o'clock in the evening to vote upon the following:

1. To hear the reports of the Precinct officers and pass any vote relating thereto.
2. To choose all necessary Precinct officers for the ensuing year.
3. To raise and appropriate such sums of money as may be necessary to defray Precinct charges for the ensuing year.
4. To authorize the Precinct Commissioners to borrow money in anticipation of Precinct taxes and revenues for the ensuing year, said loans to be payable from taxes and other revenues for the year 1957 and to issue notes there at such rate of interest and payable at such time, within one year, and place as the Precinct Commissioners shall determine.
5. To see if the Precinct will vote to raise and appropriate the sum of \$1,200.00 for new construction.
6. To transact such other business as may legally come before said meeting.

Given under our hands and seal this 6th day of March in the year of our Lord nineteen hundred fifty-seven.

HARRY C. BRUNEL,
NATHANIEL M. FLAGG,
FRANCIS H. GRANT,

Precinct Commissioners

A true copy of Warrant—Attest:

HARRY C. BRUNEL,
NATHANIEL M. FLAGG,
FRANCIS H. GRANT,

Precinct Commissioners

WATER COMMISSIONER'S REPORT

We are glad to say that, in 1956, we were able to complete the program as outlined in our last year's report. There is now a new eight-inch main branching from the D. W. Highway and going through Jackson and Tremont Streets direct to the Tannery. This line is further strengthened by a six-inch line flowing into it from Gage Street, as planned.

In 1957 it is our hope to relay the main on Water Street from the foot of Tremont Street hill to the river crossing near the D. W. Highway, a distance of about two thousand feet. Part of the pipe for this job is already bought and paid for.. This will complete the supply lines to the tannery and in the event of any trouble in one of these lines in the future, the other supply will be sufficient to meet its needs. In addition to the Water Street job, we intend to start replacing the old wooden mains on some of the side streets west of the D. W. highway. Just where and how much can be done on this will be determined by further studies of maintenance costs after the spring thaws. We hope this can be done without any increase in our present tax rate, which has dropped \$4.20 per thousand from the high of 1954.

Plans are being made to furnish better fire protection in the vicinity of Colby's saw mill on High Street by the installation of an added hydrant which has been needed for some time.

We want, publicly to express our appreciation to the tax collector, Sumner Marshall, for his prompt and regular remittance of taxes as received by him. This has been most helpful to our treasurer in meeting current bills.

Before too long, it will probably be necessary to repaint our water tank on Queen Street.

The trench digger, purchased last year, has proved to be a very good investment for the precinct, enabling us to keep down construction costs and bringing us a substantial sum from outside sources.

PENACOOK AND BOSCAWEN WATER PRECINCT
STATEMENT OF PRECINCT TAX COLLECTOR
FOR THE YEAR ENDED DECEMBER 31, 1956

	1956	1955	1954
Precinct Taxes	\$ 24,776.26	\$	
Uncollected January 1, 1956		6,296.04	71.34
Additional Taxes		2.79	
Interest	3.37	204.95	.80
Total	24,779.63	6,503.78	72.14
Taxes Collected	17,574.28	6,287.62	58.29
Interest	3.37	204.95	.80
Abatements	100.22		
Total	17,677.87	6,492.57	59.09
UNPAID, December 31, 1956	\$ 7,101.76	\$ 11.21	\$ 13.05

AUDITOR'S CERTIFICATE

We have made an examination of the records of Sumner Marshall, Tax Collector of Penacook and Boscawen Water Precinct for the year ended December 31, 1956, which covers the 1956 Levy and uncollected taxes in the 1955 Levy. The total taxes and interest collected amounted to \$24,129.31. This amount was remitted to the Treasurer. None of the unpaid taxes were verified by correspondence.

Concord, New Hampshire
February 25, 1957

AUDITORS' CERTIFICATE

In accordance with instructions from the Commissioners, we have made an examination of the books and records of Miss Lucretia Burbank, Treasurer of Penacook and Boscawen Water Precinct for the period ended December 31, 1956, and have prepared the following statements:

Exhibit A Balance Sheet as at December 31, 1956

Schedule A-1 Detail of Funded Debt, December 31,
1956

Exhibit B Statement of Receipts & Disbursements For
the Year Ended December 31, 1956

We have examined all checks issued by the Precinct during the year. We have also made an extensive check of all vouchers.

All recorded cash receipts were traced to the bank statement. In addition, we abstracted a list of the unpaid water rents as at December 31, 1956.

The Statement of Receipts and Disbursements correctly reflects the receipts and disbursements for the year.

The Balance Sheet, Exhibit 9, shows the Assets and Liabilities as at December 31, 1956, in accordance with the Public Utilities Commission classification of accounts.
